INTRODUCTION

This guide will teach you how to replace the fan of the Sony Playstation 2.

Step 1 — Beginning

- Flip your machine over

Step 2 — Tabs

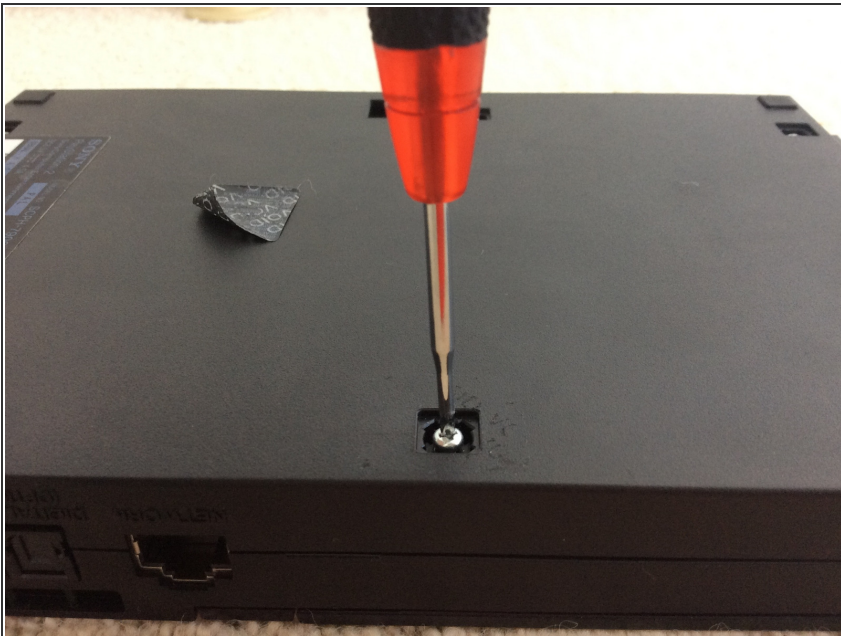

- Grab a spudger and take off the tabs, like so.

Step 3 — Warranty Sticker

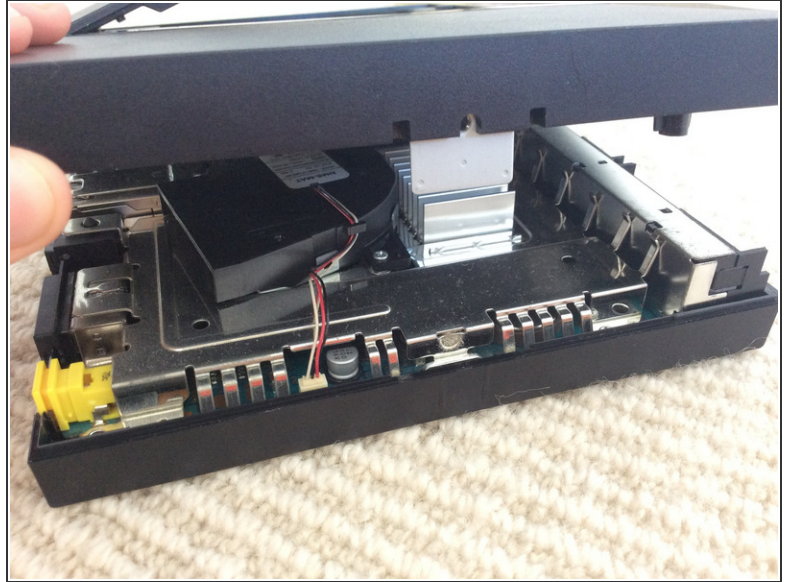

⚠ There is a warranty sticker that hides a tab, peeling it off will **VOID** your warranty!

Step 4 — Screws

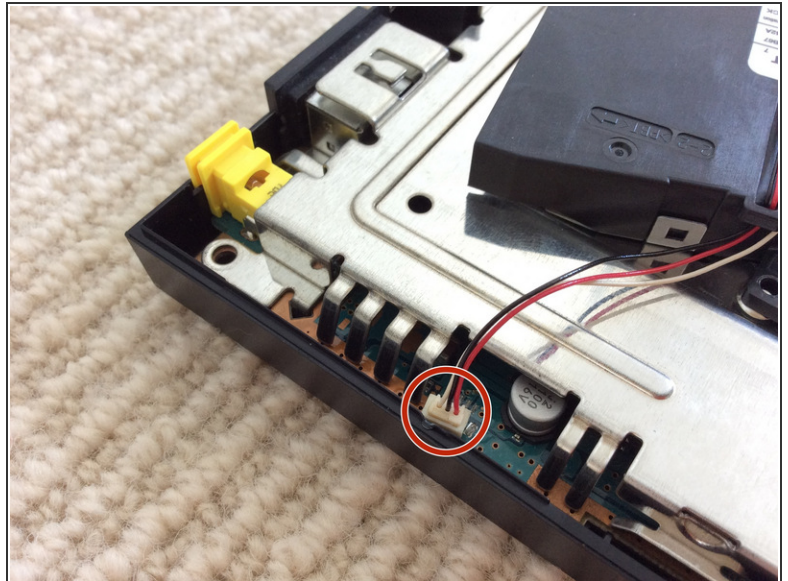

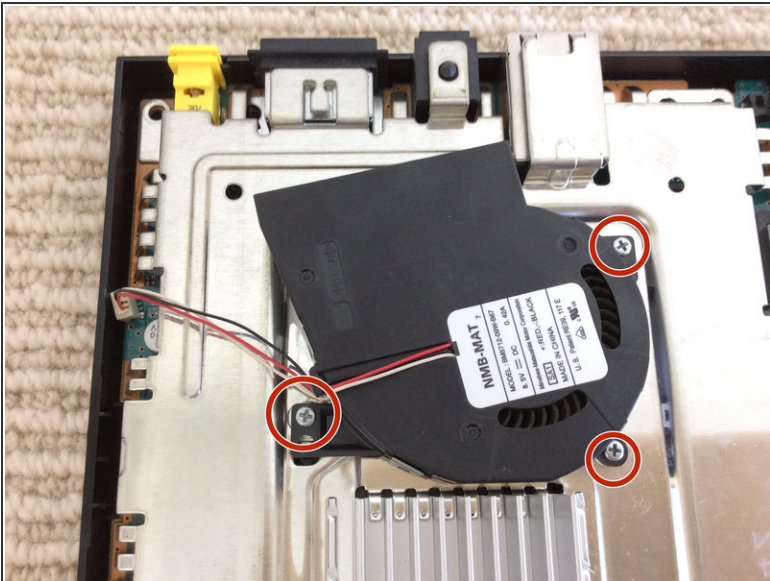

- Unscrew the screws

Step 5 — Take off the back

- Once you've done that, take off the back of the console.

Step 6 — Take off the fan

- There are 3 screws that you need to unscrew, then you need to get a pair of tweezers and use a strong pull up.

To reassemble your device, follow these instructions in reverse order.
